

Volume 17 Issue 1

Winter 2013

## Merry Christmas!

We hope you and your family have as much to give thanks for this Christmas as we do. For us, this last year was defined by the flood.

We are thankful to have not been destroyed by the floodwaters. In fact, we were saved only by the quality of our building, and its location, at the top of a hill.

We were shut down without power or gas for only a few weeks following the flood, and while the rising tide rolled by our shop rather than built up at our doors, many neighbors and friends were devastated in short order.

We are so sorry if you were one of those deeply affected, and if our offer to help you with any aspect of your home electronics issues is useful to you – please just ask.

Speaking of help, wasn't it fantastic how the incredible people of Calgary responded?

Everyone's actions were simply amazing. The reaction of you and our neighbors couldn't have been more inspiring, and showed what truly great stuff our city is made of, a great reason to be thankful this time of year.

Now, it's time to think about what to get for those inspiring

friends this Christmas. It's nice to get back to this sense of normal, and like every year here at K&W, we certainly want to help find that quality gift of music or entertainment for every special person on your list.

Take a look at our suggestions in this letter. This year we have more specials, and quality brands on sale than ever before. It's a great time to get something nice for everyone on your list – including you!

From the staff and family at K&W Audio we'd all like to wish you the best Christmas ever – and a very Happy & Prosperous New Year. See you soon, and Cheers!

## Buy a Definitive SuperTower System and get **FREE** Surrounds

Professional audio reviewers and audiophiles alike have consistently praised the Definitive Technology Super Towers for their winning combination of performance, styling and value.

This is the perfect opportunity to own the music and theater speaker system of your dreams, because until the end of January when you purchase a pair of the BP8060 Super Tower speakers for \$2299.99 you get a

matched Definitive center channel speaker **and** a pair of complementary matching surround speakers **FREE**. That's right, **FREE!**

That's a **saving of well over a thousand bucks!**

The BP8060 Super Tower system will give you goose bumps every time you turn them on, last a lifetime **and** plaster a giant ear to ear grin on your face every time you crank them up!

*Buy any Definitive SuperTower System  
Get a FREE pair of Surround Speakers  
(Save \$1149.00!)*

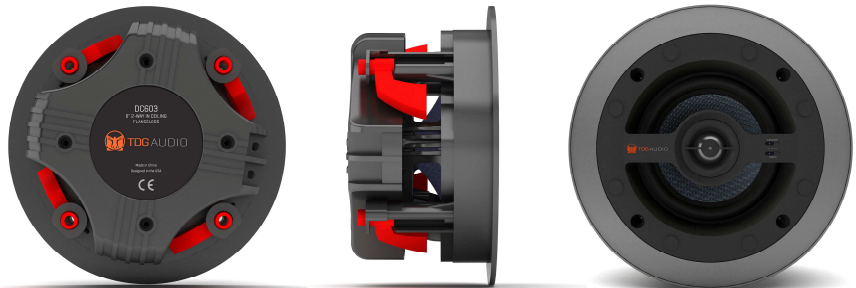

**Drop By For Your Definitive Tech System Today!**

## TDG Audio Architectural Loudspeakers **On SALE**

The new kids on the block aren't all that new. The TDG Audio line of in wall and in ceiling speakers were recently launched at the renown CEDIA electronics expo.

They were instantly recognized by industry insiders as well as reviewers for offering incredible performance, quality and value, backed with the best warranty in the industry.

How can an upstart architectural speaker company arrive to such praise so quickly?

They cheated. TDG people were instrumental in the SpeakerCraft product line for years.

Now they have started their own company – aware of how good the product they have to compete against is, and — that they need to be

better in every way, if they hope to make a great name for themselves.

To introduce this fantastic new brand to Calgary, just in time for Christmas, we have their brand new line **on sale** – so you can get the very best, for less than the rest!

## SONOS gives you *ALL* the music on earth. Simply.

ALL of the music you have on the web & EVERY computer and digital device in the house at your fingertips...in any room...without running wires?

Yes. The simplicity, quality and convenience Sonos brings to music access around the house is unrivaled.

There is no better time for your family to discover the

modern world of whole house music, delivered wirelessly, than now.

This Christmas, when you purchase an S5, S3 or S1 room sound system, you'll receive the one other item needed to make them all sing along (Called a Bridge) for... **FREE!**

That's a \$60.00 value!

Operate your system easily from your computer, smartphone or iPad, within minutes of unboxing the items... it just works!

### Experience Movies Like Never Before!

Cinema One is an all-new movie server that stores 1000's of CD's, up to 600 DVD-quality or 100 Blu-ray quality movies and can play any of them instantly at the highest possible audio and video quality — without annoying previews, menus or ads.

Browse your collection via a breathtaking and intuitive interface, or be inspired by movies presented by genre, director or actor. Gone are the days of digging through stacks of DVD cases for that perfect movie night.

You can even download Blu-ray quality movies right from the Kaleidescape Store — the only store that offers movie downloads with the same audio/video fidelity as the original Blu-ray discs.

The Cinema One server gets even better this Christmas! When you purchase One between now and December 31, 2013, (\$3,999.99) you'll **receive 50 FREE MOVIES** of your choice from the Kaleidescape online movie store.

This is a great way to get your favorite movies on your new system in time for the holidays, and **save over \$1,200.00** at the same time!

There is no mystery to good sound!

## ANTHEM - Music & Movies

ANTHEM is a Canadian line of award-winning state-of-the-art audio/video amplifiers with an exceptional performance to value relationship.

For the Canadian audiophile looking for something different and only in a good way, ANTHEM is the answer.

They are created by the same team who produce Paradigm speakers, and together they make beautiful music... and movies!

We have their new line of surround receivers in stock and on SALE now. 3D, 4K and all the other cool letters included at no extra cost!

On the web!
